ATA Announces EBE Technologies Renewed as ATA Corporate Partner

Arlington, Va. – Today, American Trucking Associations announced EBE Technologies, a leading provider of business and technology systems to the commercial trucking market, is once again being named an ATA Corporate Partner.

“In a very competitive market like the trucking industry, businesses constantly have to look for ways to improve efficiency and customer service, and reduce costs. It’s good for our industry to be competitive, constantly pushing ourselves to meet new goals,” said **ATA President and CEO Chris Spear**. “A lot of trucking companies rely on external support when looking to improve operations, and increasingly, companies are turning to commercial systems providers like EBE Technologies.”

SHIPS, EBE’s Enterprise Process and Content Management Solutions, leverage automated decision support technology and an exception management approach to improve efficiency and increase profitability. EBE’s mobile-enabled enterprise solutions address most aspects of a company’s organization, including imaging and workflow, billing and settlements, recruiting and onboarding, safety and risk management, driver performance, carrier management, and fleet maintenance. SHIPS integration capabilities provide access to information and documents from company dispatch, accounting, mobile communication, log audits, imaging and other related applications.

“We are very proud to once again support ATA as a Corporate Partner after the success of last year’s partnership. EBE and ATA share common goals in advocating for the betterment and sustainability of a safe and profitable transportation industry,” said **EBE Technologies President Larry Kerr**. “Our software applications have helped transportation providers throughout North America achieve the objectives of both our organizations. We look forward to continuing to partner with ATA as we add value to ATA members and the industry it serves.”

ATA's Featured Product list is available at www.atabusinesssolutions.com or by calling 866-821-3468.

EBE is the leading provider of Transportation Specific Content and Process Management Applications. Serving nearly 600 clients, EBE has made a positive impact throughout their organizations in the areas of billing, settlements and accounts payable; recruiting, onboarding, safety, risk and training; carrier management, fleet maintenance and mobile and data capture. Our next generation of workflow solutions allow our clients to work by exception to maximize productivity, control costs, and increase profits across the Enterprise through the use of Automated Decision Support. Our integrated approach positions our clients to maximize their legacy system investments while extending the value of EBE’s solution portfolio.
